

No.1 in a series of
Acute Stroke Webinars

e-ASPECTS

STROKE IMAGING SOFTWARE

PD Dr. Simon Nagel
Neurologist,
University Hospital
Heidelberg, Germany

Patient Selection

17:00 BST October 22, 2015

The webinar will present the optimised stroke imaging pathway from two leading hospitals, Heidelberg University Hospital, Germany and Southend University Hospital, UK. Patient selection for thrombolysis and thrombectomy will be discussed and how this is optimised with the medical imaging software e-ASPECTS.

Prof. Iris Grunwald
Interventional Neuroradiologist,
Southend University Hospital,
UK, Director Neuroscience,
Anglia Ruskin University
